

# PROJECT ALERT

## BEGINNING WEEK OF APRIL 14

The Van Buren County Road Commission will be completing drainage improvements on North Lakeshore Drive in Lawrence Township. This project will occur in two phases to ensure homeowners have access to their properties at all times.

Each location (shown on the map to the right) will consist of installing a basin on each side of the road with a crosspipe connecting them beneath the surface, followed by restoring slope and repaving the sections of removed asphalt. The road will be closed at the work site, however residents will have access to their properties via Meadow Lane or South Lakeshore Drive.

**This project is funded by Lawrence Township and the prime contractor is Krohn Excavating. Questions about this project may be directed to Dave Mills, Engineering Technician, at 269-674-8011 ext. 229.**
