ROAD COMMISSION WINTER OPERATIONS UPDATE

THE ROAD COMMISSION WANTS YOU TO KNOW . . .

Road Commission crews began their shift again this morning at 4 AM to clear the snowy roads. Approximately 37 crew members will make at least one pass over all roads under the Van Buren County Road Commission's jurisdiction today.

As per the Snow Plow Policy, primary roads will be cleared first (Red Arrow Highway, Blue Star Highway, and roads with the "CR" designation), followed by local roads (streets and avenues) and subdivisions. Staff shifts will likely be extended today, too, to ensure the entire system is covered so that a more thorough cleaning/widening of the roads can begin on Friday.

Road Commission officials thank you for your continued patience and understanding during this winter storm event!
