

VBCRC'S WEEKLY UPDATE

FOR THE WEEK OF FEBRUARY 13

OPERATIONS

- Guardrail de-berming continues on Primary roads in Bloomingdale Township before moving to Pine Grove Township.
- Crews are patching potholes county-wide.
- Crews are working through tree and limb trimming or removal requests as well as storm clean-ups.
- Crews are spot scraping and grading gravel roads across the county.
- Crews are addressing ice control and snow removal as necessary. For day-to-day updates on the VBCRC's winter operations plans, please visit our Facebook page at [Facebook.com/VBCRC](https://www.facebook.com/VBCRC)

ENGINEERING

- The crosspipe replacement on 66th Street between M-43 and CR 380 in Geneva Township is complete. The asphalt patch will be installed when asphalt plants open later this year.
- Tree trimming and removals on CR 352 between CR 687 and 60th Street in Keeler Township will began last week and continue as weather allows.

MISCELLANEOUS

- 2023 Road Planning Forms were due December 31st and have not yet been received by Lawrence and Porter Townships. If a new copy of the form is needed, please contact Alyssa McAndrew at 269-674-8011 ext. 249.
- The VBCRC has to yet received signed 2023 RevShare Funds Acknowledgements from the following Townships: Antwerp, Arlington, Lawrence, Porter, and Waverly. If you need another copy of your Acknowledgment form, please contact Jill at JillBrien@VBCRC.org
