

## Van Buren County Road Commission

Published by Adobe Express · 4h · 🌐

### The Lives Behind the Signs: Meet Kristina!

Kristina has been with VBCRC for 10.5 years, a wife of almost 10 years, mom to 2 beautiful girls (aged 5 and 7) and a handsome little man (aged 4), and has called Van Buren County home her whole life!

Her favorite part of the job as Safety Coordinator? Being out on the road and seeing our crews in action! When not at work, Kristina's kiddos keep her busy, her favorite hobbies include reading books and playing outside with her kids, she loves watching their little personalities grow.

What Kris wants you to know regarding work zones: "Keeping road crews (and yourself) safe is really quite simple - put away the distractions, read/obey the signs, and remain attentive while driving. Fatalities in work zones have incredibly wide-spread effects. The individual who passed away, their family, co-workers, family of co-workers, other agencies in our field, and so much more... the aftermath has a ripple effect that reaches incredibly far. It's a terrible, hard, sad situation for a great number of people." [See less](#)
