

VBCRC'S WEEKLY UPDATE

FOR THE WEEK OF JANUARY 22

OPERATIONS

- Crews are focused on snow removal and laying ice control materials this week. Following Tuesday's rain, the anticipated plan of attack is removing built up ice and packed snow from the roads and exposing asphalt and gravel to the warmer temperatures to aid in thawing. Daily updates of our winter operations are posted on Facebook.

- VBCRC's amazing road and mechanic crews worked 12 days straight with early start times, we appreciate their hardwork and dedication to serving Van Buren County!

ENGINEERING

- CR 689 between 8th Avenue and CR 388 in South Haven Township will continue as weather allows with utility contractors moving lines and contractors installing guardrails.
- VBCRC Engineers are preparing estimates and bid packets for 2024 projects. Bid opportunities can be found at vbcrc.org/bids

MISCELLANEOUS

- As a reminder, the 2024 Road Planning Form was due by December 31st, 2023. We have yet to receive a completed form from the following Township:
 - PorterFor questions or to submit your form, please contact Alyssa McAndrew at alysamcandrew@vbcrc.org

**ICE ON SHAW ROAD, PORTER TOWNSHIP
TUESDAY, JANUARY 23RD**

NOTE: ALL operations are dependent on current weather conditions, equipment availability, and staffing and are subject to change. For detailed information regarding daily operations, please contact our office.
